

KEEP THE NO CALL LIST AS IS OR BETTER YET MAKE IT ILLEGAL FOR
TELEMARKETERS TO CALL. I don't care what the U.S. Supreme Court
says, I have the RIGHT to the persuit of happiness (Constitutional
right) and I assure you telemarketers are not part of my
happiness. Also, it is unfair to me that I have to pay for my
telephone service only to have it tied up by telemarketers. Oh,
secondly nice going on NOT get this information out. I never once
heard of it. I found out about it yesterday on Wisconsin
Government website by accident. So I am sending in my comment
regardless of the deadline.
